

Dear Prospective Purdue Extension Master Gardener:

Thank you for your interest in the Purdue Extension Master Gardener (EMG) Statewide Basic Training. Our main objective is to train volunteers to assist Purdue Extension with home horticulture education in local communities. Purdue EMG's receive training in horticulture to equip them to fulfill this educational role through volunteering in a variety of projects approved by their local EMG County Coordinator (Purdue Extension Educator).

The requirements for Purdue EMG certification include acceptance into the training through an application and screening process, payment of registration fee, completion of the EMG Basic Training which includes passing the open-book final exam with a score of 70% or higher, and contributing at least 40 hours of volunteer service approved by the local EMG County Coordinator within two years. Purdue Extension Master Gardeners are also required to complete at least 12 volunteer and 6 continuing education hours every year in order to stay active.

Program Information

For Fall 2020, there will be a Statewide Virtual Purdue EMG Basic Training on Tuesdays starting August 25 – December 15, 2020 (includes final exam due date). Many counties have come together to offer this program which includes a local county connection hour. The statewide live webinars will be held on Tuesdays, from 6:30 – 8:30 pm (ET)/5:30 – 7:30 pm (CT).

Here in Elkhart County, the local county connection will be offered at a time that best suits those taking the class. Once I know who is participating, I will survey those people to see which day of the week and time work best.

Additionally, we will be using an online information sharing platform, Basecamp, to share additional handouts and other information with participants.
